EXPERIENCE

Farther Finance *Product Designer*

Remote | Oct 2021 – Present

- Lead design for b2c and b2b web and mobile app features – **streamlining traditional financial processes** into efficient digital experiences for our clients and financial advisors.
- Improved handoff to our product and engineering team by implementing an iterative and collaborative design cycle.
- Build and maintained a design system with reusable Figma components and patterns.
- Contributed to the QA process during development by writing documentation.

Self-Employed *UX/UI Designer*

Remote | May 2021 – Oct 2021

- Wireframed eCommerce site flow, executed UI iterations, and customized creative assets needed by the Client.
- Collaborated with eCommerce Project Manager and the Clients to understand customers and vision.

Levitate Foundry *UX/UI Designer*

Remote | Nov 2020 – May 2021

- Collaborated with eCommerce managers and dev team as design lead to optimize checkout experiences for DTC eCommerce sites.
- Wrote QA and development tickets and worked with developers to resolve site issues across different devices, browsers, and operating systems.
- Worked with 50+ brands and 10+ eCommerce sites as a designer, product manager, and consultant.

Neoscape *Interactive Design Intern*

Boston, MA | Jan 2020 – Feb 2020

- Translated wireframes to responsive prototypes for web and mobile sites to communicate experiences to the team.
- Designed an iPad application for client users to use as presentation tool to their customers.

Stockwell *Product Design Intern*

Oakland, CA | Jun 2019 – Aug 2019

- Collaborated with a PM, SWEs, and the retail team to design a ML/AI data visualization dashboard interface to monitor Stockwell stores' performance. **This internal operation tool automated a manual process and helped speed up workflow.**
- Audited design system components and assisted with rebrand efforts across internal operation tools and Stockwell's consumer app.
